## **THIS IS YOUR CHANCE TO MAKE YOUR VOICE HEARD**

The Sudbury Town Residents' Association (STRA), who were formally approved as the **NEIGHBOURHOOD FORUM** on 12 December 2012 and is the only designated FORUM in Brent so far, is preparing a neighbourhood plan\* for Sudbury Town. We are one of only a select number of areas that have been awarded funding to prepare a NEIGHBOURHOOD PLAN. This is an excellent opportunity for the community to come together and shape the future for Sudbury Town.

If **YOU** make your voice heard this plan will reflect the views of everybody in the community, landowners, businesses as well as residents.

It will shape not only where **new developments** could be, but also the infrastructure, the shops, the services, and all the improvements you would like to see to make Sudbury Town a better place for old and young alike to live, work and conduct business.

The map on the next page shows the area covered by the neighbourhood plan. The initial focus will be on improving the quality and attractiveness of the Town Centre and all our green spaces.

This initiative is about the use of **LAND**. If it is successfully brought into force, **planning applications** made in the future will be determined in accordance with the neighbourhood plan to which all of us have the opportunity to make a difference.

You are invited to attend the briefings and/or the drop-in surgeries at the Maya Lebanese Restaurant, 763-765 Harrow Road, Sudbury, HA0 2LW on -

\*The Localism Act, which received Royal Assent on November 15 2011, introduced new rights and powers to allow local communities to shape new development by coming together to prepare neighbourhood plans. Neighbourhood planning can be taken forward by two types of body - town and parish councils or 'neighbourhood forums'. Neighbourhood forums are community groups that are designated to take forward neighbourhood planning in areas without parishes. It is the role of the local planning authority to agree who should be the neighbourhood forum for the neighbourhood area.
